Foreword

Our Service Directory resource is a collection of local agencies, organizations, and businesses that provide services within Weyburn and Area. Included is contact information and descriptions of the services available. The idea for this directory came from a working group who identified a need to improve access to services within our community. With the support of Envision Counselling and Support Centre, CMHA Weyburn was able to develop and publish this document to help with navigating service providers in our area. Our goal was to compile an easy to use resource that could help improve access to agencies and services for community members as well as provide a guide for local agencies to refer to when working with their clients. There are many great service providers in our area and we hope to have captured as many as possible. We truly hope this Directory achieves what its meant to; improved access and communication with local service providers.

CMHA Weyburn would like to thank Victoria Utman for her dedicated work on developing this resource.
